Ricardo Fernández

Senior DevOps / Cloud Platform Engineer

ricardo.fernandez@example.com | 555-200-0015

Mexico City, Mexico | Remote | English: Advanced (C1)

PROFESSIONAL PROFILE

DevOps lead with extensive AWS cloud, Docker and Kubernetes operational ownership. Builds secure, reproducible infrastructure and deployment workflows for production services.

TECHNICAL SKILLS

- AWS: EC2, EKS, ECS, IAM, VPC, RDS, CloudWatch, S3
- Docker, Kubernetes, Helm, Linux and Bash
- Terraform IaC, Ansible and environment provisioning
- Jenkins, GitHub Actions, GitLab CI; blue/green deployment
- Prometheus, Grafana, incident response, SRE practices

PROFESSIONAL EXPERIENCE

Senior DevOps Engineer | Andes Cloud (2020–2026)

Operated multi-account AWS infrastructure and EKS clusters, built Terraform modules, hardened IAM permissions and reduced deployment time from 45 to 12 minutes using CI/CD automation.

Cloud Engineer | InfraLink (2016–2020)

Containerized services, supported Linux production servers and implemented central logging, alerts and infrastructure monitoring.

EDUCATION & ADDITIONAL INFORMATION

B.S. Computer Engineering | Universidad Nacional (2016)

Experience: 10 years | AWS Solutions Architect Associate; Certified Kubernetes Administrator (CKA).
