Sofía Mendoza

UI/UX Designer / Frontend Developer

sofia.mendoza@example.com | 555-200-0020

Buenos Aires, Argentina | Hybrid / Remote | English: Intermediate (B1)

PROFESSIONAL PROFILE

Product designer who translates user research into clean and accessible interfaces. Writes frontend components and CSS, but has limited experience with enterprise application frameworks and complex JavaScript data grids.

TECHNICAL SKILLS

- Figma, interactive prototyping, design systems
- HTML5, CSS3, responsive layouts, WCAG principles
- JavaScript fundamentals, basic React components
- Usability studies, user journeys, accessibility review
- Storybook basics, Git, collaboration with engineers

PROFESSIONAL EXPERIENCE

Product Designer | Estudio Uno (2023–2026)

Designed a B2B dashboard design system, prototyped workflows in Figma, ran usability sessions and implemented selected HTML/CSS and React component updates.

UI Designer | Pixel Sur (2022–2023)

Prepared responsive page designs, mobile layouts and handoff specifications for developers.

EDUCATION & ADDITIONAL INFORMATION

B.A. Interaction Design | Universidad de Buenos Aires (2022)

Experience: 4 years | No production Ext JS, Node.js backend, automated QA or complex grid programming experience.
