# Valentina Morales

Junior Full Stack Developer

valentina.morales@example.com | 555-200-0014

Puebla, Mexico | Remote | English: Intermediate (B1)

## PROFESSIONAL PROFILE

Junior engineer who has built small features end to end with React and Node.js. Motivated and productive under supervision, but not yet experienced in architecture, high-traffic systems or technical leadership.

## TECHNICAL SKILLS

- JavaScript ES6, React hooks, basic TypeScript
- Node.js, Express, REST CRUD endpoints
- PostgreSQL, simple SQL queries, Prisma basics
- Git, Bootstrap, HTML5, CSS3
- Basic Jest and Docker; Agile ceremonies

## PROFESSIONAL EXPERIENCE

**Junior Full Stack Developer | NovaApps (2024–2026)**

Implemented React forms, reusable components and Node.js endpoints for an internal scheduling system. Fixed bugs and wrote basic API tests under code review.

**Web Development Intern | Talento Web (2023–2024)**

Created responsive pages, handled form validation and supported a small Express prototype.

## EDUCATION & ADDITIONAL INFORMATION

B.S. Computer Science | Universidad Autónoma de Puebla (2024)

Experience: 2 years | No production experience owning large distributed systems.
